MISARMA ENTERPRISE
SDN. BHD.

ABOUT US

Started in 2018, Misarma Enterprise Sdn. Bhd. has evolved from an oil and gas supplies business company into timber industry. Our management and production lines feature competent builders who are led by a core team of dedicated and highly experienced staff who are consistently proven themselves in promoting the growth and success of the company.

We have committed to providing quality products and customized services, making us the high value supplier customers will call first when looking for sawn timber & plywood products. To ensure the highest quality of products and to fulfil customers' needs, our factory is equipped with the latest and the most comprehensive production systems and machineries for various kind of wooden products manufacturing.

We have committed to providing quality products and customized services, making us the high value supplier. We supply various type sawn timber, plywood & Wood veneer.

Look for our FSC™ - certified products.

EUCALYPTUS VENEER

Eucalyptus veneer is often found in curly figure. A clear coat of oil-based polyurethane helps the curly eucalyptus wood veneer look incredible. The Eucalyptus veneer is known for its exotic, shimmering ripple effect in its grain.

Look for our FSC™ - certified products.

PINE VENEER

Pine is a softwood, lightweight and it is easy to work with. It is a pale yellow or sometimes comes in light brown-amber close to a creamy white colour. It has a smooth texture and porous grains. A clear coat is the best way to keep the wood's natural beauty.

Look for our FSC™ - certified products.
